Re: Marianthi Giakoumakis
U.S. Patent Application: 08/876,437

Dear Mr. Millin,

Please note that this fax transmission is simply for the purpose of informing the U.S. Patent Office of the correct address for all written communications, and is not to be considered as a response to the patent examiner's office action dated December 16, 2004:

Please note that this communication is simply for the purpose of informing the U.S. Patent Office of the correct address to send written communications to, since the acting attorney, Mr. Douglas R. Hanscom, has withdrawn himself from this application.

I, Marianthi Giakoumakis, applicant, am now the principal communicant for patent application 08/876,437, and would appreciate if the U.S. Patent Office would kindly send all written communications to the following address:

Marianthi Giakoumakis
321 Caisse
Montreal, Quebec
H4G 3M3 CANADA

You can also reach me at email: mgiamakis1@yahoo.ca, or call me direct at my cellular telephone (514) 882-9555.

As per our recent telephone conversation in February 2004, please confirm to me, Mr. Millin, that you are able to provide me with an extension of time for my official response to the office action by patent examiner Kelly Scaggs Campen, dated December 16, 2003.

Respectfully yours,

Marianthi Giakoumakis, Applicant
